IN THIS ISSUE:
Conference Update

The International Section of the NAI is off and running! Our membership is increasing more quickly than any other section has. We had a fantastic kick-off event at the NAI National Conference in Portland. Guest speakers Ted Cable shared some fascinating insights into working in Africa from a foreigner's perspective and Aaron Maluwa gave us the inside story about Malawi which will be reprinted in an upcoming issue.

Thanks to everybody for all of your enthusiasm and support! Let's all work together for a better world in 2009!

Thanks to Gail Vanderstoep for the great photos!
